NO CANDIDATE IS ENDORSED BY DRY CONVENTION

Drys Will Present Prohibition Record Of Each Nominee.
ISSUES STATEMENT
Say League Will Take Direct Part In Congress Election.

Washington, July 23.—The Anti-Saloon League of America will not endorse any presidential candidate this year, but has ordered a compilation of facts as to the prohibition record and present stand of "each candidate" and will make this public.

This announcement was made by the executive committee of the organization here.

A special committee, headed by Dr. P. A. Baker, general superintendent of the league, was authorized "carefully and impartially to obtain the official records, public utterances and present attitude of each candidate for the information of the constituency of the league."

Dr. Baker, when asked whether the league expected to question directly Senator Harding or Governor Cox, replied that was a question for the committee to consider.

The executive committee announced that the league, however, would take a direct and certain part in the election of members of congress. It was added that "this policy will be necessary as long as advocates of the liquor traffic continue their attempts to nullify the eighteenth amendment."

The statement said in part: "The committee emphasizes the fact that the prohibition battle ground of the present campaign is chiefly where it has been since prohibition became a national issue. Therefore the committee urges the several state leagues immediately and vigorously to put forth the strongest possible effort for the election of congressmen and United States senators who will stand for the maintenance of the Volstead enforcement code as construed by the supreme court."

The special committee authorized to compile the presidential records includes besides Dr. Baker, Wayne E. Wheeler, counsel for the league; E. H. Cherrington, director of publications; W. H. Anderson, New York state superintendent; Dr. A. J. Barton, Louisiana superintendent; Dr. H. B. Carr, Tennessee superintendent, and I. B. Musgrove, Alabama superintendent.

OHIO FARMERS WILL FAVOR L. J. TABOR AS FARM SECRETARY

O. E. Bradfute Touted For Presidential Elector At Large.

Columbus, O., July 23.—Ohio farmers are favoring appointment of L. J. Tabor, Barnesville, as secretary of agriculture if United States Senator Harding, Republican presidential nominee, is elected, or John A. McSparran, of Pennsylvania, if Governor Cox, Democratic presidential nominee, defeats Senator Harding, according to members of a number of Ohio farm organizations.

Tabor is master of the Ohio Grange and McSparran is master of the Pennsylvania Grange. Both men, it is claimed, are dry and are "farmers." Tabor also is a Republican presidential elector at large. McSparran is credited with being one of the original Cox boosters for the presidency.

Many Democratic Ohio farmers are urging that O. E. Bradfute, Xenia, president of the Ohio Farm Bureau Federation, be chosen at the Democratic state convention, which convenes here August 17, as one of the presidential electors at large.

Report Number Of Wounded at 150 During Night.

TROUBLE MAY SPREAD

Four Regiments Of British Troops On Guard In Irish City.

London, July 23.—Thirteen persons were killed in violent street fighting that raged at Belfast during the night according to revised estimates of casualties telegraphed from the Ulster city this afternoon. This number is believed to include some of the wounded who succumbed to their injuries.

The trouble spread to Banbridge where soldiers charged a mob with fixed bayonets. Two persons are reported to have been killed at Banbridge.

A dispatch from Belfast at noon said that a heavy rainstorm had set in which scattered the crowds and aided materially in quieting the city.

Latest advices put the number of wounded at 150 which was far in excess of earlier estimates. The most of the dead were said to be nationalists (anti-unionists.)

TROOPS ON GUARD

Four regiments of British troops were on guard in the city during the morning.

The trouble threatened today to spread outside of Belfast.

Thirty arrests have been made at Belfast by soldiers and constables buildings with machine guns and a few to nearly 90.

A boy was shot dead in an outbreak of fighting at Banbridge, the native town of Inspector General Smythe, of the royal Irish constabulary, who was assassinated at Cork last Saturday.

Sir Hamar Greenwood, chief secretary for Ireland, estimated the damage in the Belfast riots at more than \$10,000,000.

Five broke out in Falls road during the height of the battle and the fireman attacked the flames amidst flying bullets.

There was heavy sniping at times during the night, the rifle men hidden on the roofs and in the upper stories of buildings in the Falls road district.

Soldiers opened fire against the buildings with machine guns and a spectacular battle raged in the glare of the conflagrations.

CAMPAIGN PROGRAM DISCUSSED BY G. O. P. NOMINEE AND CHIEFS

Harding Meets Party Leaders To Talk Finances.

Marion, O., July 23.—Campaign plans and finances were discussed today by Senator Warren G. Harding, the Republican nominee, with members of the executive committee of the Republican national committee.

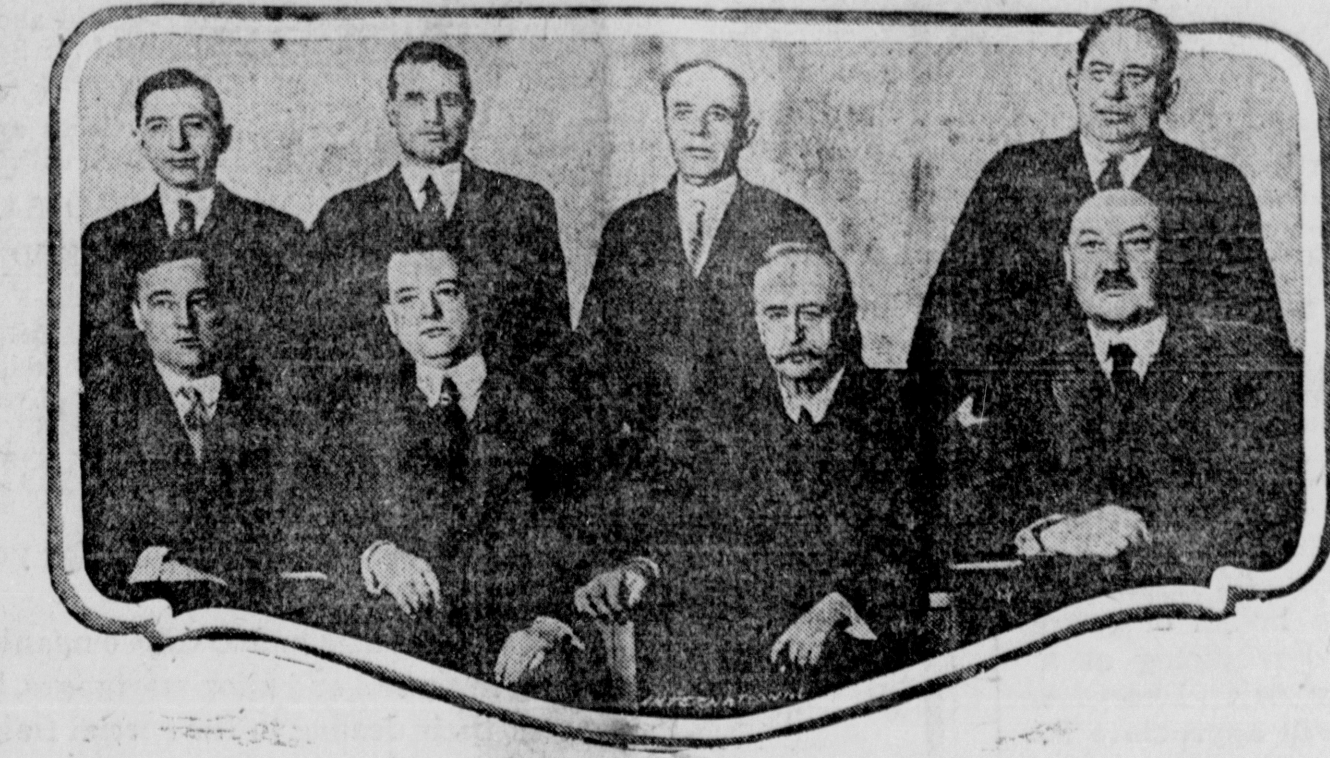

During the afternoon the senator is expected to go to Mansfield for a game of golf. He is seeking to throw off the strain of the past twenty-four hours.

National Chairman Will Hays, national committeeman John W. Weeks of Massachusetts; A. T. Hert of Kentucky and Charles D. Hilles of New York, remained in Marion last night as the guests of Senator Harding. Other members of the executive committee, including H. M. Daugherty of Ohio, returned last night to Columbus, but were expected here today for the conference with the senator.

Senators Frelinguysen of New Jersey and Elkins of West Virginia, were guests also, last night of Senator Harding. Senator Frelinguysen is manager of the eastern headquarters of the Republican senatorial campaign committee. He is an old golfing partner of the senator and is expected to play with him this afternoon.

The ways and means committee of the national committee reported on financial matters to the executive committee at a meeting held in Columbus Wednesday. It is expected that details of this report were considered at the conference today with Senator Harding. Governor Cox, the Democratic nominee and other Democratic leaders are charging that the Republicans are raising a huge "war chest" and plans may be considered for meeting this attack.

AWARDED RAIL WORKERS SIX HUNDRED MILLION RAISE

The United States Railway Labor Board photographed while in session in Chicago, where they handed down their decision awarding the 2,000,000 organized railroad workers in the United States an annual salary raise of approximately \$600,000,000, retroactive to May 1. Seated, left to right: Henry L. Hunt, G. W. Haygar, Judge R. M. Barton, chairman, and W. M. Payne. Standing, left to right: A. A. Wharton, Albert Phillips, J. J. Foster and J. M. Elliott.

POSSIBILITY OF RAIL STRIKE FADES AS WORKERS ACCEDE

Sixteen Of Seventeen Transportation Unions Vote To Accept Wage Award; Telegraphers Refuse Proposal; "Out-law" Organizations Agree To Plan.

Chicago, July 23.—The spectre of a national railroad strike executed at a quick fadeout today, at least for the time being.

Only one of the unions—the Order of Railway Telegraphers—voted to take the award to its membership at large with the order that a strike vote be taken.

Final decision on the award by the vote of the railway workers who are to record their attitude toward it by the referendum will not be made before September 1. It was stated by the brotherhood heads.

Here is the way the union leaders voted:

For acceptance under protest without a referendum—Brotherhood of Locomotive Engineers; Brotherhood of Railroad Trainmen; Switchmen's Union of North America; Brotherhood of Locomotive Firemen and Engineers; Order of Railway Conductors; United Brotherhood of Maintenance of Way Employees and Railroad Shop Laborers; Brotherhood of Stationary Firemen and Oilers.

Masters, Mates and Pilots of American Brotherhood of Railway and Steamship Clerks, Freight Handlers Express and Station Employees.

For submission to referendum, with acceptance recommended—Railway Employe Department of the American Federation of Labor; International Association of Machinists; Sheet Metal Workers International Alliance; Brotherhood of Railway Carmen of America; International Brotherhood of Blacksmiths, Drop Forgers and Helpers; International Brotherhood of Boilermakers, Iron Shipbuilders and Helpers of America; Brotherhood of Railway Signalmen of North America.

For rejection with the ordering of a strike vote—Order of Railway Telegraphers.

"However disappointing the labor board award may be to the various organizations affected, it is felt by their representatives that the public interest demands its acceptance," commented L. E. Sheppard, president of the Order of Railway Conductors.

The stand of the railroad telegraphers was put forward by E. J. Manion, president of the organization in a statement declaring they had been discriminated against in the award.

Heads of the "outlaw" unions in a separate meeting voted 11 to 1 to accept the award, although they were not included in its provisions. It was reported at the federal building today that grand jury action may be taken here Monday against the "rebel" chiefs under the Lever act unless the striking switchmen who have not yet returned to work are back on their jobs by that time. The strikers claim they are "merely on a vacation."

Today's course is of the triangular variety, the kind in which Shamrock gained her victory on Tuesday last. On that occasion, which consisted of two reaching legs and one in a fair wind, the Britisher found a race that suited him exactly, and proved that reaching is his strong suit. It is the rule whenever possible to make this course a beat to windward on one leg and two reaches, but while the issue lies in the hand of the wind god, it is expected in many quarters that the Lipton ship will repeat last Tuesday's performance.

PALMER MAY RESIGN FROM THE CABINET BEFORE TERM EXPIRES

Secretary Of Commerce Alexander May Step Out Also.

Washington, July 23.—It is reported that Attorney General Palmer and Secretary of Commerce Alexander may resign from the cabinet before the expiration of their term of office. Rumor has it that Mr. Palmer is considering an offer to become general counsel for a big oil concern. Secretary Alexander, it is believed, will be given a berth on the new shipping board. This belief is strengthened by the fact that the president has been in conference with his secretary of commerce as to the makeup of the new board. Most of the officials of the government realize that, if the Democrats are successful in the elections next fall, Mr. Cox will have plenty of workers whom he will want to place in government positions and that in all probability he would order a new deal all around in Washington. They have taken their cue and are busy seeking private employment.

NOT ACTUALLY BOOMING

Washington, July 23.—Albany County, New York including Albany City, has a population of 186,106 increase 12,440 or 7.2 per cent according to a census report issued.

RUSS ARMIES MENACE WARSAW; POLAND MAY GET AID FROM ALLIES

Left Wing Of Polish Army Retreats 180 Miles, Report.

REDS NEAR GERMANY

Allies To Send Troops If Bolsheviki Invade Poland.

proposed an armistice to the Russian soviet government according to an official telegram received by the foreign office from Warsaw today.

The fortress of Grodno was suggested as the seat of Russo-Polish negotiations.

(Grodno is in Poland. According to latest reports it is now in the hands of the Bolshevik troops.)

One of Russia's chief conditions for a cessation of hostilities in the Russo-Polish theater of war was that the request for an armistice come direct from the Polish government.

The soviet government was emphatic on this point in its answer to the British proposals for a cessation of the fighting.

Paris, July 23.—It is stated here that the allied powers have decided to take measures preparatory to giving military aid to Poland, if this should prove necessary.

A French mission headed by Jules J. Jusserand, French ambassador to the United States, who is home on leave, with General Weygand, right-hand man of Marshal Foch, and M. Vignon, a close collaborator with Premier Millerand, left for Warsaw to arrange for prompt succor to the Poles.

On the same train and with the same object there is a British mission headed by Lord Abernethy, British ambassador at Berlin, General Radcliffe and Sir Maurice Hankey.

These missions, it is learned, have full authority to say to the Poles that whatever aid is need, whether military or financial or in the nature of supplies, will be forthcoming if the Bolsheviks persist in a design to march into distinctively Polish territory.

A Warsaw dispatch says the menace to the Polish capital is becoming serious through the defeat of the left wing of the Polish army. Since the attacks of the Bolsheviks against Vilna on July 14 the Polish left or northern wing has been compelled to hasten its retreat, which in three weeks has covered 180 miles.

A Berlin dispatch states that Dr. Simons, the German foreign secretary, speaking before the foreign affairs committee of the reichstag, declared that in the event the entente contemplated the dispatch of troops through Germany for the aid of Poland, Germany would vigorously protest. Germany, continued Dr. Simons, would protect her frontiers against the troops of both belligerents, and any forces violating the neutrality order would be disarmed.

A note on the attitude of Germany in the Russian-Polish crisis has been presented at Paris. The German declaration of neutrality in this crisis, said the German foreign minister, was proof that the country was at peace with both Russia and Poland and could not assist in the plans of the allies for the aid of Poland.

The Polish national council of defense has decided to make overtures to Moscow for an armistice at once on the Russo-Polish battlefield, said a Warsaw dispatch to the Jewish delegation that is attending the international Zionist conference at London. It was said that the offer would be sent by wireless as the quickest means of getting it to the attention of the soviet government.

A telegram from Chairman Will H. Hays, received in reply to a query sent by Chairman Hinshaw, says that the proposed "law and order plank" in the Republican platform was stricken out by the platform subcommittee in Chicago as "meaningless," and was never presented to the full committee nor to the convention.

GERMANY NOT TO PERMIT ALLIES TO CROSS ITS SOIL

Troops Sent To Aid Of Poland Must Seek Other Way.

Berlin, July 23.—Dr. Walter Von Simons, the foreign secretary today notified the foreign relations committee of the national assembly that Germany would not permit allied troops to cross German soil to assist Poland.

The government is reported to be sending a note to Paris notifying the entente that Germany is arming her citizens on the eastern frontier.

Reichswehr have occupied the zones of east and west Prussia where a plebiscite recently resulted in a victory for the Germans over the Poles.

HUNGARIANS WILL START MOBILIZATION

Paris, July 23.—The Hungarian government has ordered General mobilization against the Russian bolshevik, according to a Basle dispatch to the newspaper information today.

It was officially announced yesterday that Russian bolshevik troops had crossed the Brzucz river into Galicia (Hungary.)

URBANA SHOWS DECREASE IN CENSUS

Washington, July 23.—Preliminary population figures were announced today by the census bureau as follows: Urbana, Ohio, 1920 population 7,621; decrease since 1910, 118 or 1.5 per cent.

Greenville, Ohio, 1920 population 7,104; increase since 1910, 867 or 13.3 per cent.

FIRE DESTROYS HAY ON M'KILLIP FARM

A large quantity of old and new hay was burned, and a three weeks old calf lost its life, in fire caused by lightning which destroyed the barn on the farm of John McKillip three and one-half miles west of Bowersville on the Hussey pike Thursday afternoon.

Two hundred bushels of corn in one end of the barn were saved, the volunteer fire fighters being able to keep sufficient water on the grain to prevent its destruction. The tenant on the farm is a Mr. Devoe.

HELD FOR \$1,000 BOND ON CHARGE

Entering a plea of not guilty to the charge of contributing to the delinquency of Ruth Erma Wright, aged 15, Walter Munday, Xenia representative of an insurance company, was admitted to bond in the sum of \$1000 by Judge J. C. Marshall Friday morning. Bond has not been furnished. Munday's trial was set for next Wednesday, July 28, at 9 A. M. in probate court. He is represented by Attorneys F. W. Dunkle and Frank L. Johnson.

FIRE ON BANDITS WITHOUT RESULT

Cleveland, O., July 23.—Automobile bandits who carried off merchandise valued at \$5,000 from the store of Louis Shore, drygoods dealer, were fired upon early today by occupants of the building. Families living on the upper floors of the building saw three men in an automobile leaving the store and one of the tenants fired three shots, none of which were effective.

Mrs. Joseph Hulto and son William, of Albany, Ind., have been visiting relatives here.

Master Walter Smith, who was kicked by a horse Sunday, is doing nicely.

Mrs. Ellen Mannington is still very poorly.

Mrs. Jesse Smith underwent an operation in a Xenia hospital Wednesday.

Mr. Thurman Wilson was taken very seriously ill Tuesday and was removed to the Espey hospital.

Mrs. Susie Wooley, of Jacksonville, Fla., was the guest of her sister, Mrs. Elgin Holland for several days.

Mr. and Mrs. Lee Harner and little son were the week end guests of Mr. and Mrs. John Hood.

Beauty Chats

One can say that a girl has an alluring smile, and alluring arms—the adjective seems to fit in both these cases. And with even these and nothing else, a girl could be very attractive.

Smiles, of course, we have talked about often here. But we have not discussed arms, recently.

To be beautiful, the arms must be round and firm looking, and they must be a clear color. There may be good

reasons why a woman's arms are too stout or too thin, but there is never any reason why they should be muddy or blotched.

It is a great mistake to be vaccinated on the arm. Some sort of scar will remain to spoil the beauty of the skin, even when it is done on a child's arm. If there is a vaccination mark, the only thing to be done is to wear sleeves on even the most formal evening gowns, to cover up the scar.

Rounded, beautifully shaped arms are usually the result of exercise—that is, they can be obtained by proper systematic exercise. Of course, the weight of the body must be near normal; otherwise, exercise only helps a little.

But a clear white skin can be had by the simplest sort of daily care. If the arms are scrubbed with a good soap, hot water and a fairly stiff brush every day, that in itself will keep

them white and clear. If the system is upset, some pimples may come out on the arm; in this case, treat them as you would pimples on the face. Cleansing creams help a muddy skin, as they do a muddy complexion; bleaches will assist greatly in removing freckles or blotches. In other words, the ordinary care given the complexion will be all that is necessary to keep the arms white and nice looking.

Ugly elbows can be fattened, rounded, softened and improved by using oil or flesh building cold cream using them. Peroxide will bleach a prominent growth of hair—an important matter in these days of short sleeves.

I believe every woman can have arms as lovely as she desires—if she tries. She may have a bad figure, she may have poor features—such defects are hard to overcome; but her arms And with pretty arms—and a pretty smile—what woman is not attractive?

A Two-Fold Purpose

The Springfield Bond & Mortgage Company
Serves a Two-fold Purpose

First

It provides a much needed institution for Springfield and vicinity, in fulfilling a pressing need for Springfield's greater community development.

Second

It furnishes an avenue for the conservative investor, with the advantages of—

- ASSURED SAFETY OF PRINCIPAL;
- A DIVIDEND RETURN, much above the average;
- AN INCREASE IN VALUE OF INVESTMENT in addition to an established and increasing dividend yield.

SIMILAR WELL ESTABLISHED INSTITUTIONS

have been operating successfully for years throughout the East, as well as in the principal cities of Ohio.

Banks and Savings and Loan Companies are practically eliminated from dealing in second or junior mortgages, because of statutory limitations which prevent their dealing in the special field in which this company is engaged.

THE NECESSITY OF SECOND MORTGAGES

It is universally recognized that building activities are at present seriously handicapped. This is due primarily to the inability of our present financial institutions to adequately supply the necessary capital to permit building to be developed in proportion to the present demand.

In other cities, as in Springfield, the solution of the situation is now being worked out with absolute safety to the investor, plus exceptionally profitable returns, through financial institutions known as Second or Junior Mortgage Companies.

Ample safeguards have been instituted to protect such loans, and the fact that there are five applications for every loan available, permits companies, such as this, to select only the best protected investments—those which easily fulfill all requirements which a conservative board and experienced appraisers first approve.

AMPLE SECURITY AND PROFITABLE INCOME

Real estate is the basis of all investment. It is the soundest security known. Improved real estate advantageously situated has definite and increasing value upon which loans may be made by this company with absolute certainty of investment, attractive yield and frequent turn-over of capital, permitting a large increase in the value of our securities in addition to the attractive dividend rate.

AFFAIR FOR BRIDE.

A delightful pre-nuptial affair for Miss Levona Fudge, bride-elect was the miscellaneous shower given by her sister-in-law, Mrs. William Fudge at her home on the New Jasper pike Thursday afternoon.

About fifty guests enjoyed the afternoon. The house was decked with summer flowers, and the gifts were heaped on a flower adorned table, at which Miss Fudge was seated while she unwrapped the parcels and admired their contents. An ice course with cake was served.

Miss Fudge is the daughter of Mr. and Mrs. Jacob Fudge of West Second street. Her marriage to Orville Tucker of this city, has been set for July 27.

ATTRACTIVE TEA AT OLD BARN CLUB

Never was the Old Barn Club at Hills and Dales park, Dayton, lovelier than it was Thursday afternoon for tea given by Mrs. G. J. Garmann and Mrs. S. O. Hale, when Mrs. George I. Graham, an attractive bride was presented to a company of about one hundred.

Guests were received in the reception room, where baskets and clusters of pink gladioli, made a pretty setting. Mrs. L. K. Sone, of New York City, who is visiting at the Graham home was in the receiving line with the hostesses and honor guest.

In the downstairs dining room where the guests were served, garden flowers decked the tables, adding to the attractiveness, and the pretty summer garments of the guests made an additional charming note in the gathering. A delicious salad course with iced tea and cakes was served.

A program of harp music was rendered throughout the afternoon by Peter Satalic, Dayton Italian harpist.

Although rain fell heavily in this city and in Dayton, there was no storm at Hills and Dales, and the weather did not mar the natural beauty in the vicinity of the club house, which was enjoyed greatly by the guests.

WOOD BARBER SHOP TO MOVE SATURDAY

Its new location in the proprietor's building formerly on West Main street, will soon house Edward Wood's barber shop, now occupying a room in the Steele building, adjoining. Mr. Wood plans to move the equipment of his shop to the new room Saturday night.

After purchasing the building from the administrator of the estate of John J. Knox, Mr. Wood remodeled the second floor for living apartments for his family, and fitted up the first floor for his barber shop. In the basement he has placed a 210 barrel cistern to provide soft water for his shop and living apartment.

REV. J. A. WHITE RETIRED MINISTER DIES ON THURSDAY

The Rev. John Alexander White, D. D., retired minister of the Methodist Episcopal Church, and one of the best known clergymen in the old Cincinnati Conference, died at 2:50 Thursday afternoon at his home 321 East Third street.

Stricken by paralysis some time Wednesday or Tuesday night, Dr. White, who lived by himself, was found in a semi-conscious condition Wednesday evening by his brother Seth A. White, when he made an investigation after failing to see the minister all day. He was unable to talk, and at midnight Wednesday lapsed into unconsciousness, from which he failed to rally.

Dr. White was born in Waynesville October 6, 1845, the son of Allen and Catherine M. White. He was the fourth in a family of eight children. At the age of 17 years he was converted at the First M. E. Church Xenia, under the pastorate of the Rev. W. I. Fee.

His education was received at Ohio University Athens from which he was graduated in 1874 with the degree of A. B. He was appointed principal of the preparatory department of his Alma Mater, serving in that capacity from 1874 to 1877, when he entered the ministry in the Cincinnati Conference.

He preached the Gospel for 31 consecutive years, holding charges in order at the following places in Ohio, Walker, Finley Church, Cincinnati; Carthage, North Hampton, Mt. Washington, Columbia Church, Cincinnati; Catawba, Monroe, Tremont City, Union, Centerville, and McKendree Chapel, Cincinnati. He was given a rest for two years by the conference, and after the expiration of that time renewed his work, having charges at New Jasper and at Bellbrook. He was then superannuated by the conference and retired to his home in this city in 1914.

In 1914, Ohio University, the Alma Mater of Dr. White conferred upon him the honorary degree of doctor of divinity.

Dr. White never married but for many years made a home for his mother and sister. He is survived by one brother, Seth A. White. He was a brother of the late George A. White.

Funeral services will be held at 10 o'clock Monday morning at Trinity church.

LATIMER'S NINE IS WINNER OVER TEAM FROM ZANESVILLE

With Wetzell, "Tack" Latimer's Cincinnati division, pitching ace hurling airtight ball, the division team of the Pennsylvania railroad league, defeated the Zanesville division at Lancaster Thursday by the score of 11-3.

The game was played at Lancaster at the solicitation of that city and the Zanesville rooters came to Lancaster with a band. A huge crowd was on hand Wetzell is the lad that Manager Latimer predicts will land in the big leagues. He took it easy Thursday after his teammates had amassed a big lead for him.

SPELLACY IS PICKED FOR ROOSEVELT'S JOB

Washington, July 23.—Thomas J. Spellacy, of Hartford, Conn., is understood to have been selected assistant secretary of the navy to succeed Franklin D. Roosevelt when Mr. Roosevelt retires about August 9 to make the race as a Democratic vice presidential candidate.

CITY BUYS TRUCK FOR WORK; PROPERTY TO BE APPRAISED

Acting in its capacity as contractor for the erection of the new filter plant of the city water works department since the city is doing this work direct, the city commissioners in session Thursday evening, authorized the purchase of a Dodge truck to be used in the work. The truck will be used in hauling labor and materials from this city to the new location and in transporting equipment from the old station to the new plant. After the construction work is finished the truck will either be sold or used in the waterworks department in place of the Ford service car now in use.

A board of appraisers to appraise certain property in the paving district was appointed by the commission, consisting of John W. Prugh, T. C. Long and A. W. Tresise. The city manager was empowered at the time to appoint other appraisers in case any or all of these three fail to serve.

An alley on East Main Street was vacated by action of the commission on petition of the abutting property holders on agreement that these property holders pay the cost of paving which have already been paid by the city much discussion was entered into during session and body adjourned at 10:30 o'clock.

OPERA HOUSE WILL HAVE ITS SCENERY DECORATED FOR FALL

A contract was entered into to at the meeting of the City Commissioners Thursday evening at the Schell Scenic Studio of Columbus, to redecorate all the scenery at present being used in the Opera House. Further contract was also allowed with that firm for a complete set of new scenery to be installed before the theater season opens in the fall.

The Standard Amusement Company which booked the majority of the dates last winter, already has advanced dates last winter, already has guaranteed the cost of the work and rentals of the house. The house needed the new scenery and it is thought that the equipment will enable booking agencies to secure more and better productions for the local house.

MAN IS STUNNED AS LIGHTNING STRIKES

Frank Washington, colored employee of Ed. Rader, bridge contractor, was stunned, and damage was done to the uncompleted dwelling he is erecting by Mr. and Mrs. Paul Reitz on North King Street Thursday noon when lightning struck the house during the storm shortly after noon.

The lightning struck the north gable, tearing off several shingles and ran down between the walls, splitting some of the siding. It struck an electric conduit and ran out at a base plug, near where Washington was working. He was stunned so that he had to quit and go home. Some siding boards were split by the bolt.

During the same storm lightning struck the tower of the Spring Hill school house, tearing off part of the roof and sending several bricks crashing to the ground. No one was injured. The storm was of short duration but there was considerable electrical display and heavy lightning, while the rain came down for a few minutes in torrents.

PLAN POULTRY CULLING SCHOOL FOR AUGUST

A poultry culling school is planned by The Greene County Farm Bureau for the last week in August, beginning August 23.

It is planned to cull one flock in each township, giving practical demonstration of the manner in which this work is to be done. Several culling demonstrations were given in the county recently, by G. H. Young, of Circleville, an experienced poultry man.

Get Goodyear Value in Tires for Small Cars

Don't be misled by very cheaply priced tires, for tire economy is not a matter of what tires cost originally but of what tire service costs in the end.

True Goodyear mileage and economy are built into Goodyear Tires, of the 30x3-, 30½x3- and 31x4-inch sizes, in the world's largest tire factory devoted to these sizes.

If you own a Ford, Chevrolet, Dort, Maxwell or other car taking one of these sizes, you can equip it with Goodyear Tires at your nearest Service Station.

Go there for the exceptional value in these tires made possible by Goodyear's resources, experience and demonstrated expertness in tire manufacture.

30 x 3½ Goodyear Double-Cure Fabric, All-Weather Tread \$23.50

30 x 3½ Goodyear Single-Cure Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casing when such sure protection is available? 30x3½ size \$4.50 in waterproof bag

GOODYEAR

Tax Payers

It is the opinion of 95 per cent or more of the tax payers of this city (and they are the ones that will have the costs to pay) that the present administration of the city's affairs is being conducted in a very inefficient and ALARMING expensive manner.

The taxpayers want to know if it was not one of the conditions of hiring this present manager, that he was to do the engineering work and thus save the city that cost. They want to know the comparative cost of the engineering and inspective work on the present sewer and paving work as compared to past work done by engineers McKay and Shoemaker.

They want to know the comparative cost of running the water works (fuel not included) under city management as compared to that under the former owners. They want a statement of the daily cost of running the city's business. They would also like to have a statement of fees paid out as assistant counsel in the city's litigation in the past 2 or 3 years.

They want this information as soon as possible and respectfully ask City Manager Riddle to give it. The taxpayers want the proposed water works improvement stopped until they find out where they are.

HOW WILSON'S ARTICLE 10 ENTANGLES IN THE AFFAIRS OF HALF THE WORLD.

Since the Versailles Treaty with the Germans has been before the people of this country, much has been said about the clause in Washington's Farewell Address warning us against "Entangling Alliances" with foreign nations. There is no doubt that the "Father of His Country" felt deeply the importance of this communication, for he speaks of it as "these counsels of an old and affectionate friend." He could scarcely have used more tender words.

We quote pertinent sentences from this address as follows: "Against the insidious wiles of foreign influence, I conjure you to believe me, fellow citizens, the jealousy of a free people ought to be constantly awake." "The great rule of conduct for us, in regard to foreign nations, is, in extending our commercial relations, to have with them as little connection as possible. Here let us stop." "Why forego the advantage of our detached situation? Why, by interweaving our destiny with any part of Europe, entangle our peace and prosperity in the toils of European ambition, rivalry, interest, humor or caprice?"

The Republican standpoint during the last session of Congress, and during the present Presidential campaign, was and is, that Article 10 of the League of Nations so "entangles" our relations with Europe that we will not stand for it except as interpreted by what is known as the "Lodge Reservations." All through the Congressional session, two-thirds of the Republican Senators, including Warren G. Harding, stood ready and willing to adopt the Treaty and League with these reservations, which it is known would have been acceptable to the other nations concerned, but President Wilson held his cohorts in the Senate, like a stone wall, against any such concession.

You may have forgotten what Article 10 obligates, so we give it here, as follows: "The members of the League undertake to respect and preserve us against external aggression the territorial integrity and existing political independence are members of the League. In case of any such aggression, or in case of any threat of danger of such aggression, the Council (of the League) shall advise upon the means by which this obligation shall be fulfilled."

Read that again. Do you not see that if we agree to it that it means a great possibility of our being required to send an army to Europe to fight for the territorial integrity of any nation, or even if such territorial integrity is threatened? We are sure the people of this country do not want to do this. We are sure the mothers, who have young sons, will say God forbid that that this shall be required. We have had enough of war.

Besides, the Constitution of the United States emphatically declares that Congress alone has the right to declare war, and here would be, (in this Article 10), an obligation to engage in war. The Republican Senators said, in the Lodge Reservations, we reserve the right to not do this unless authorized by Congress, as provided in our national constitution.

So you see, if this League of Nations is to be the main issue in this campaign, that the Republican contention that Article 10, as held by President Wilson, Governor Cox and the Democratic party, entangles us in the affairs not only of Europe, but in the affairs of every nation signatory to the Treaty. Would it not be best to take Washington's advice, and keep out?

THAT GREAT SOLDIER, GENERAL FOCH, APPEARS IN A NEW AND PLEASING LIGHT.

Numberless outside critics have been free with the complaint that the Allied armies quit too soon, that the statesmen overruled the military men, that the German people should have been more thoroughly taught that they were beaten.

The correspondence which has just been published between Colonel House and Mr. Paul Mantoux, official interpreter of the Peace Conference, answers these questions and disposes of these libels. We are there authoritatively told that the diplomats did not override the military men. Marshal Foch declared categorically while the armistice was still under discussion, in answer to a definite question by Colonel House, that "if the Germans now sign an armistice under the general conditions we have just determined are in our possession, no man has the right to cause another drop of blood to be shed."

That is surely decided enough. Marshal Foch, the supreme military commander and the man who all along has taken the sternest attitude toward Germany, bears testimony that the armistice gave him all that he would have expected his army to win after another series of victories, ending, if we may take the reply to Lloyd George as an indication of his plans, in driving the Germans "back across the Rhine."

We know now too what Marshal Foch's estimate was. When asked how long it would take to drive the Germans back across the Rhine, he answered: "Maybe four or five months—who knows?" That meant that he calculated that there was a lot of fight still left in the German army.

Much has been written since the armistice about what might have happened had the Allied armies pushed on. Their last successes looked easy, measured on the map, but they had cost cruelly in casualties. The mothers who got their boys back alive and unmaimed will bless him with tears in their eyes. It would not comfort them now to know that 10,000 Germans had also been killed as an offset to their own irreparable loss, when they also knew that this latest wholesale sowing of death was unnecessary.

ARE WOMEN NATURALLY DESPONDENT?

Grocer Thankful

A prominent writer so claims. Women are constituted with a delicate organism and in nine cases out of ten mental depression may be attributed to an abnormal condition of the system, which expresses itself in nervousness, sleeplessness, backaches, headaches, causing constant misery and as a result despondency. Lydia E. Pinkham's Vegetable Compound, a simple remedy made from roots and herbs, is the one great remedy for this condition. It goes to the root of the trouble and overcomes despondency.

"I had been sick nearly 20 years with stomach trouble and was slowly starving to death as everything I ate caused terrible gas and pain and my food did not digest. I was reduced to 115 pounds. A friend advised me to take Mayr's Wonderful Remedy. It removes the catarrhal mucus from the intestinal tract, and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded at Sayre & Hemphill's and druggists everywhere."

As a result of the conference Mrs. Terrell agreed to "let by-gones be by-gones," and her husband declared that he wanted to live with his family again. Judge Marshall warned Terrell that the home he would provide must not be in the home of his mother-in-law.

TWENTY FIVE XENIA REPUBLICANS MAKE TRIP TO MARION

Twenty-five loyal Xenia and Greene County Republicans took the special car out of this city Thursday morning for Springfield where they boarded the special to Marion and participate in the big Harding celebration in that place.

The local delegation went with the Clark County organization numbering 25 and headed by the Robbins & Myers Band which made a splendid show when passing in review before the presidential candidate, Judge Marcus Shoup acted as chairman of the local delegation and led the local Republicans in the parade past Senator Harding's famous front porch.

The Republican jubilee was a joyful occasion for the local Republicans who returned on the special train to Springfield Thursday evening and came home on the S. & X. traction.

COMMENCE WORK OF WIDENING AND RESURFACING PIKE

County Surveyor W. J. Davis said Friday that work of resurfacing and widening the Dayton and Xenia pike between Alpha and Zimmerman will be commenced within a few days.

Through an effort the surveyor has been able to secure broken stone by obtaining the use of cars on their way to the coal mines to haul the stone to this county. The scarcity of cars which are nearly all being placed for use in transportation of coal is delaying road work.

The state sent a big Packard truck here yesterday to be used in the work on the Dayton pike, which is a state highway. Three trucks will thus be placed in use in the work on that pike.

CORPORATE LIMITS OF XENIA EXTENDED BY CITY COMMISSION

Xenia grew overnight Thursday night, when the City Commission in meeting in the evening, passed the ordinance making the extension of the corporate limits granted some time ago, a law.

The ordinance passed by the commissioners reads, "An ordinance accepting the application for the annexation of territory." The ordinance makes the new extension a law, and it will be immediately recorded in the county recorder's office and a copy sent to the state.

The extension provides for an enlarged taxing district and an increase in population in this city.

It is estimated that this increased population will amount to about one thousand people which would make the total population of the city under a new census well over 10,000.

Previous to the annexation of territory the city covered an area of 1383 acres. Three different annexations were made to extend the corporate limits this time. Annexation No. 1, the northern part, bringing in 261 acres. No. 2, the southwest section, adding 195 acres, and No. 3, the southeast district, 165 acres, making a complete total of 1944 acres or giving the city's total area three miles.

Besides the increase in population it is estimated that the enlarging of the taxing district will add about one million dollars to the city's tax duplicate.

FLIES NOT PLENTIFUL THIS SUMMER SAY XENIA HOUSEWIVES

What has become of the old-fashioned fly?

This is not to indicate the well-known house pest has vanished in species from the face of the globe, but his forces are sure at a minimum.

House wives and restaurant keepers, who have been bothered most by the house fly, say that the insect is not as common as usual. True "swat the fly" campaigns are not as prevalent as formerly, but the absence of the fly in its former large quantities probably is due to those annual drives.

Another reason given locally for the seeming scarcity of the fly is the particularly cool summer. Nights especially have been unusually cool and the fly as a result has not multiplied as fast as in former years.

YOUTHS ARRESTED IN ATTEMPT TO BURGLARIZE STORE

A timely discovery on the part of employees of the Famous Cheap Store and quick work on the part of the police, caused the arrest of Charles Coates, 13, and William Rich 12, following a burglary of the store at 11:30 o'clock Thursday night.

The youthful burglars gained entrance by forcing the screen out of a window and they had made away with several bicycle wrenches and other goods when employees of the store returning in a machine discovered that the place was being burglarized. They immediately notified police headquarters and Officers Dave Mangano and Charles Bone placed the youths under arrest after finding them in a shed in which they had attempted to hide.

Coates is on parole from the Ohio State Reformatory and will probably be returned there at once, while Rich will be taken before juvenile court authorities.

FORMER GROCER OF XENIA DIRECTS RAID ON MOONSHINERS

C. E. Dowdell, of this city, active Anti-Saloon League worker, directed a successful moonshine raid and garnered more than a half dozen stills in Williamson and Franklin counties, Ill., according to the Carbondale, Ill., Free Press.

Mr. Dowdell, assisted by Prof. E. E. McLaughlin and government officials

raided the country districts, arresting eight moonshiners, who are being held in the East St. Louis jail and securing over 800 gallons of liquor, besides the stills, all of which was destroyed.

Mr. Dowdell was formerly a groceryman in Xenia but has been in anti-saloon and dry work for some time.

Heart and Home Problems

Dear Mrs. Thompson: I have many blackheads on my face and if I try to squeeze them out it makes pimples. I have tried several remedies and as I have a very tender skin I am afraid to put anything on my face.

Could you give me a remedy that would be sure to free my face of blackheads and also that will not ruin my skin?

LONGING.
Pimples and blackheads may be the result of so many different causes that what will cure them for one person will be useless for another. If faithful trials of external remedies do not benefit, a physician should be consulted.

Often applications of a lotion made from half an ounce of glycerine, a pint of camphor water and a quarter of an ounce of powdered borax will prevent pimples and blackheads. In any event this mixture is good for the skin, if used as a substitute for water. It must be allowed to dry.

Another excellent treatment begins by washing the face with liquid green soap and a brush. Then an application of a paste made from flowers of sulphur and camphor spirits should be smeared over the complexion and stay on all night, being washed off in the morning. The face is wiped over with glycerine. This may be omitted, if desired, but it has beneficial results.

Dear Mrs. Thompson: I am a girl of eighteen. I was keeping steady company with a fellow of twenty-one.
I had a date one evening with him and I met my girl friend and her two boy friends down the street. They asked me to keep company with one of the boys and I said I wouldn't.
My girl friend asked me to be with one for the evening for she didn't want to be with the two. For her sake I did.
My steady found this out and he

was awfully angry because I sneaked away and went with the other when I had a date with him.

I know I didn't do the right thing, but I am awfully sorry. I made three dates with my steady and he has broken all of them. Do you think he loves me? I dearly love him and can't keep him out of my mind.

FRENCHIE.
Where was your judgment when you ignored one date to go with a boy who meant nothing to you? You might have known at the time that your friend would be angry and probably not forgive you.

I haven't any idea whether he loves you or not. After such treatment I would not blame him if he did not. Perhaps he is breaking engagements with you to give you a taste of your own medicine. There should be a limit to the punishment and if he forgets a date with you again, I would advise you to forget him.

Dear Mrs. Thompson: I have gone with different fellows and have been with only one I really like. He is liked by every one but has gone with no one but me. Just lately he has talked about me and said things that weren't true to other boys. The boys tease him because he has never gone with other girls.

PATIENTLY AWAITING.
When a young man makes statements about a girl which are unfavorable and untrue, he deserves to be dropped immediately. She should be quite sure, however, that she has learned of the remarks through a reliable source. Unfortunately there are "cats" among boys and girls who enjoy breaking up friendships by telling such things.

Forget about love and be satisfied with friendship if you think your friend is worthy of you and loyal to you.

tee. She has been connected with the Textile Workers' Union for ten years and has been secretary-treasurer for five years.

CALL FOR AMERICAN NURSES
South America wants nurses, and Miss Agnes S. Ward, general superintendent of nurses in New York city hospitals, has received an appeal for 500 women to establish training schools for nurses in that country. Four of the New York city hospitals where graduate nurses are in training have heard the plea, and the matter of choosing women to undertake the work is under advisement.

Dr. Volmer, superintendent of the Evangelical hospital at Rio Janeiro, appealed personally to Miss Ward for a unit of graduate nurses to establish a training school in his hospital. The attendants' course being short, only nine months of training, would be better suited to their need, he said.

Another request for nurses has reached Miss Ward from Bogota, South America. Even against the wishes of their parents, South American women will but come there and teach them, he declares.

Because of the dearth of nurses in this country it is very difficult, said Miss Ward, to get women for the work in South America. At present 100,000 women are needed to enter training schools in the United States.

FLAMES DAMAGE OHIO PAPER COMPANY

Damage to the extent of \$50,000 was incurred at the plant of the Ohio Paper Company at Miamisburg at 2:30 o'clock Thursday afternoon when fire swept the structure. The blaze started in the rag cutting department, and employees believe that matches in old clothing which was being put up caused the flame that quickly ignited piles of inflammable material near by. The

building was gutted and will have to be entirely rebuilt. Work will be suspended 90 days by the fire. Employees fled from the building before walls and floors fell in, and one was injured.

PESKY BED BUGS

Bedbugs lay an average of seven eggs per day. Under favorable conditions they hatch in five days of which two-thirds are females. They mature to adult size and are capable of laying in four weeks. How many bedbugs would you have in a year if you left one female or egg unmolested for one year? To rid the pesky bed-bug, you can readily see how necessary it is to use a preparation that will kill the eggs as well as the live ones. P. D. Q. has been demonstrated by the leading Hospitals, Hotels and Railroad Companies that the safest and most economical way to stop future generations of bedbugs, roaches, fleas and ants is to use the new discovery

Pesky Devils Quietus "P. D. Q." A 15c package of P. D. Q. makes a quart, enough to kill a million bedbugs, roaches, fleas and cotes and at the same time destroy their eggs. Impossible for them to exist where P. D. Q. is properly used. Free, parent about in every package to get the pesky devils in the hard-to-get-at places and save the juice. Special Hospital and Hotel size \$2.50—makes five gallons of P. D. Q.—your druggist has it or can get it for you, or sent prepaid upon receipt of price by the Owl Chemical Co., Terra Haute, Ind. Success of P. D. Q. has caused imitations; genuine P. D. Q. is never peddled.

Sold by Sayre & Hemphill, D. D. Jones and other leading druggists.

EAST END NEWS

Third Baptist Church.—A. McClinton Howe, pastor, 10:45 a. m. worship and sermon. 12:15 p. m. Bible school. Henry W. Gales, Supt. 2:45 p. m. A special service. Rev. James H. Maxwell, Pastor of the First A. M. E. church this city and congregation will worship with us. Rev. Mr. Maxwell will preach. The music will be under the supervision of Mr. E. S. Watson.

6:30 p. m. B. Y. P. U. Mrs. Elizabeth Simms President. This service will be in charge of group number four, Miss Josephine Porter, leader. Mr. C. C. Turner and sister, Miss Carolyn V. Turner, will conduct the song service, as well as render other selection. 7:45 p. m. Worship and sermon. The choir under the instruction of Mr. Watson will render special music. Mr. Watson will sing. As this is the last Sabbath before the association will convene it is kindly urged that all members be present and those that have not paid their association assessment, will kindly come prepared to do so, the association will convene at Delaware, O. next Tuesday, let us keep our previous record and then some. A cordial invitation is extended to all.

Mrs. Hattie Williams, East Second street, will leave Saturday morning for Sparta, Ill. where she will visit her sister. From there she will go to East St. Louis and visit friends. Special service at Zion Baptist church Friday evening. A treat is in store for those who attend.

Mr. Oscar Harris, East Main street, has returned from a visit with his brother, Mr. William Christy and nieces in Indianapolis.

Lightning struck Zion Baptist church Thursday during the electrical storm in the afternoon, but no particular damage was done. Some of the lights were put out of commission and a little damage to the slate roof was done.

Mrs. John Phonix, East Market street, received word from her brother, Prof. Frank Marchant, of Roanoke Va. that they are rejoicing over their first born, a fine daughter.

Mr. H. P. Howard has accepted a

position as foreman in one of the cutting rooms at the Xenia Shoe Factory. He began work Monday. He was engaged to take this place at the expiration of his service as night guard at the Xenia Work House, but he desired to take a little vacation and much needed rest, and the position was held open for him. He has signed a contract for one year at a nice salary, and a bonus, with the promise of an increase for next year. He will have charge of a force of boys.

We deliver feed for your chickens, cattle, horses and hogs—right at your door. Belden Milling Co., 7-29 Whiteman St., Bell 154 R 2.

POLICE SEIZE 45
CALIBRE REVOLVER
PROBING MURDER

Man Questioned In In-
vestigation Of Elwell
Case.

New York, July 22.—Assistant
District Attorney Dooling, who is
conducting the investigation into the
murder of Joseph B. Elwell, and
Captain Arthur Carey of the homi-
cide bureau of the police depart-
ment, today seized a 45 calibre army
automatic pistol belonging to Wm.
M. Washburn, one of the men who
has been questioned in connection
with the Elwell mystery.

Washburn is a Harvard graduate
and a former army officer. He ex-
plained that he came into possession
of the weapon while in the army.

Investigation of Elwell's personal
affairs has revealed that the slain
turfman gave a check for \$200. to
Miss Elizabeth Clarkson, upon her
marriage to Washburn.

When Elwell's body was found a
45 calibre cartridge jacket was ly-
ing on the floor.

Mr. Washburn accompanied the
officials when they took possession
of his pistol and said he would aid
them all he could to run down the
murderer.

HARDING'S FATHER
TO AID SUFFRAGE
IN SOUTHERN STATE

Will Go To Tennessee If
Necessary To Urge
Ratification.

Columbus, O., July 22.—That Dr. G.
T. Harding, Marion, 76 year old father
of United States Senator Warren
G. Harding, Republican presidential
nominee, has volunteered to go to
Tennessee, if necessary to urge Re-
publican state legislators to ratify the
federal suffrage amendment was the
announcement made here today at
the national woman's party headquar-
ters.

Over 100 suffragists, representing
15 states; Will Hays, chairman of the
Republican national committee; U. S.
Sen. Henry Cabot Lodge, chosen to
officially inform Senator Harding of
his nomination for the presidency;
National Committeemen, other na-
tional leaders and hundreds of Frank-
lin county Republicans left here this
forenoon for Marion to attend the
formal notification ceremonies.

Special trains over the steam roads,
extra cars on the interurban line and
automobiles were used in carry-
ing the visitors to Marion.

LAFOLLETTE HAS
REPUTATED PARTY

Madison, Wis., July 22.—Senator
Robert M. LaFollette today repudiated
the Republican party—the party
which three times elected him gov-
ernor of Wisconsin and twice sena-
tor of that state—in a signed edi-
torial in "LaFollette's Magazine."

Declaring that "the old parties
have failed" Senator LaFollette in
the editorial urged the formation of
"an aggressively progressive party"
without which he says "popular
government cannot long endure."

WANDERER DENIES GUILT

Chicago, July 23.—Carl Wanderer,
self-confessed slayer of his wife and a
"ragged" stranger who was used as a
dupe to stage a fake holdup, entered
a plea of not guilty when his case
was called.

SAGE TEA KEEPS
YOUR HAIR DARK

When Mixed with Sulphur It
Brings Back Its Beautiful
Lustre at Once.

Gray hair, however handsome, de-
notes advancing age. We all know
the advantages of a youthful appear-
ance. Your hair is your charm. It
makes or mars your face. When it
fades, turns gray and looks streaked,
just a few applications of Sage Tea
and Sulphur enhances its appearance
a hundred-fold.
Don't stay gray! Look young!
Either prepare the recipe at home or
get from any drug store a bottle of
"Wyeth's Sage and Sulphur Com-
pound," which is merely the old-time
recipe improved by the addition of
other ingredients. Thousands of folks
recommend this ready-to-use prepara-
tion, because it darkens the hair beau-
tifully, besides, no one can possibly
tell, as it darkens so naturally and
evenly. You moisten a sponge or soft
brush with it, drawing this through
the hair, taking one small strand at
a time. By morning the gray hair
disappears; after another application
or two, its natural color is restored
and it becomes thick, glossy and lus-
trous, and you appear years younger.
Wyeth's Sage and Sulphur Com-
pound is a delightful toilet requisite.
It is not intended for the cure, miti-
gation or prevention of disease.

RECIPES FOR A DAY
Braised Lamb Chops—Have
chops cut six to one-half pound of
firm rack. Dip each chop in flour
and brown quickly. Now lift to
sauce pan and add one cup of boil-
ing water and two onions chopped
fine. Simmer slowly until one-half
of the water is nearly evaporated;
then lift on little blocks of toast.
Pour gravy over each chop and
garnish with watercress.
Lima Beans Ferniere—Soak two
cups dried lima beans overnight in
cold water to cover. Drain, put in
casserole dish and sprinkle with
one-half teaspoon salt and one-
eighth teaspoon pepper. Cut a
two-inch cube of fat salt pork in
small pieces, fry out and strain.
To fat add small onion, thinly
sliced, and one-half cup one-third-
inch carrot cubes and stir constan-
tly until vegetables are browned.
Add to beans, dot over with two
tablespoons butter and add water
to half the height of beans. Cover
and cook in slow oven until beans
are soft.
Strawberry Shortcake—Place in
a mixing bowl three-quarters cup
of sugar, yolk of two eggs, cream
well, then add one-quarter teaspoon
of salt, two cups of flour, one level
tablespoon of baking powder and
three-quarters cup of milk or

"JUST A GIRL"
BY JANE PHELPS

WORK AGAIN—FOR EIGHT
DOLLARS
Chapter 70
"We will have to move, Mary," I
declared when we reached the street.
"We can't stay in this neighborhood
any longer. After tonight they will
be angry, and perhaps annoy us
more than ever. I am beginning to
be afraid of them." Both Mike and
Joe had flashed sullen, angry glances
at us when we hurried away from
the motion picture show.
"Yes—I guess we got to move.
It makes me mad to have them to
toughs run us out."
"I'll get a position first, then
we'll find a place as near where we
both work as we can, and move right
away."
Monday I commenced the round
of the department stores again. The
one where I hoped to get work had
already all the help they wanted, so
I moved along, taking them hit-or-
miss just as they came. After several
rebuffs and some insulting remarks
about my not looking like a girl who
wanted work, I found a position at
last at the notion counter of one of
the large department stores at \$8 a
week.

I would have to pay for all my meals
instead of getting them in addition
to my salary, as I had at the restau-
rant.
However, I didn't dare refuse the
place. I was tired, almost discour-
aged. No one wanted me, an inex-
perienced girl. I must manage some-
way to learn typing and stenography.
Yet how was I to do it on \$8 a
week?
"Be sure you are here on time. We
dock you for tardiness" the stern
looking man who had hired me, re-
marked as I left the office.
"Yes, sir," I answered as meekly
as any little ignorant girl could have
answered. I must work. Evidently
meekness was expected of a working
girl so I would cultivate it.
"I will not let them crush me tho!
I said aloud when I reached the
street. My cheeks burned hotly and
I was trembling. I'll learn something
so that I can do office work! I'll
manage it somehow." The \$8 would
keep me going till I found something
better, I argued, not realizing in the
least that the return I must give
for that \$8 would leave me neither
time nor strength for anything else.
I stopped to see Mary. Fortunate-
ly, Mr. Watson, was out, so I felt
no embarrassment, only regret that I
had been obliged to leave when the
girls all greeted me pleasantly and
said they missed me.
"I'll spend the rest of the day

hunting a place to live," I told
Mary.
We talked things over for a few
minutes—it was dull time in the res-
taurant—and then I started out. I
had taken a list of the advertised
boarding houses in Sunday's paper,
so I would waste no time.
About noon I found a place. Mrs.
Leary seemed a good, soul and her
house was clean. I took the two back
hall bedrooms on the top floor.
"Why don't you be takin' the big
wan in front, Miss if there's two of
yees?"
"No, Mrs. Leary. We work hard
and need to have more rest than we
could get if we roomed together."
"It's right ye are! I was only a
thinkin' it would be a bit pleasant-
er for yees. The back ain't much to see."
"We don't have much time to look
out of the windows and so long as
it is clean, and comfortable that is
all we require."
"Where do you work?" she asked
rather sharply, giving me a keen
look.
"In Marden's Department Store.
Mary Murphy works in a restaurant.
May I ask why? Does it make any
difference where your owners work?"
"No—dearie. I only asked because
you seemed so good spoken. Dif-
ferent loike. But—the other, Mary
Murphy, is she loike you too?"

STRING QUARTET IS
WELL RECEIVED BY
XENIA AUDIENCE

The Great Lakes String Quartet
thrummed its way into the hearts of
the Redpath Chautauqua audience
Thursday evening.

The quartet of former sailors with
Miss Prudence Neff at the piano,
was particularly pleasing and well
received by the big audience. In the
afternoon Detective Harry J. Loose,
former member of the Chicago police
department, drew a large crowd
and his address proved very interest-
ing.

Headliners for Friday afternoon
were the New York Opera Singers
who will also appear on the evening
program preliminary to Sir John
Foster Fraser's address "A Diplomat
at Large." Sir John is expected to
draw a large attendance at Friday
night's entertainment.

On Saturday Dunbar's Royal Dra-
gons will hold the center of the
stage both afternoon and night. The
Royal Dragons are a singing band
of 18 musical comedians under the
personal supervision of Ralph Dun-
bar, one of America's foremost pro-
ducers of musical entertainment.
Both the afternoon and evening pro-
gram will feature vocal and instru-
mental music and chautauqua
crowds Saturday are assured a most
pleasing entertainment.

FACTIONS ORDERED
TO EFFECT ARMISTICE

San Francisco, July 22.— Accord-
ing to a Shang Hai cable printed in
the Chinese World here today, the
Chi-Li and Anfu factions now en-
gaged in civil war in China have
been ordered by President Hau Shi
Chang to effect an armistice follow-
ing failure of efforts to secure set-
tlement by mediation.

NATIVE OF XENIA
DIES IN DAYTON

George Burk, native of Xenia, and
for many years a resident of Dayton,
died in Chicago Wednesday, accord-
ing to word received by relatives in
Dayton, where the body will be
brought for burial.

Mr. Burk was born and raised in
this city, later going to Dayton
where he was employed for many
years as a printer in Dayton estab-
lishments. He went to Chicago eight
years ago and was employed as a
printer in the Chicago post office. A
door fell on his head there last win-
ter, and it is thought this blow
caused the cerebral hemorrhage
which resulted in his death.

His wife and one child survive,
besides two sisters and a brother liv-
ing in Dayton.

COX NOTIFICATION
DATE SET FOR
SATURDAY, AUG. 7

Columbus, O., July 22.— Demo-
cratic national Chairman George
White today officially announced
that Saturday August 7 has been de-
finitely set as the date for the no-
tification of Governor Cox of his
nomination as presidential candidate.
Monday August 9 has also been
agreed upon as the date for notifi-
cations of Franklin D. Roosevelt of his
nomination for the vice presidency.
Dayton was confirmed as the place
for the Cox notification ceremony

SAYS FARRELL BEST
U. P. SPORT EDITOR

"The best sporting editor the
United Press has ever had."

These are the words of Roy How-
ard, president of the United Press
service, concerning Henry L. Farrell
formerly of this city and of the staff
of the Gazette and Republican, who
is now sporting editor of that news
service.

Mr. Howard's words of congratu-
lation have been supplemented by
complimentary remarks from many

editors of papers using the United
Press service and he received many
congratulatory messages on the way
he handled the World Series games
last fall, his first big assignment.

Mr. Farrell has been with the Unit-
ed Press little more than a year and
will cover the Olympic games at
Antwerp.
